

SCAFFOLDING & SHUTTERING ENTERPRISE ERP

Commercial B2B Rental Marketplace & Depot Stock Control System

Modeled on 4 Real Industry Documents (Quotation, 9-Clause Agreement, Specs, GST Invoices)

Version 2.4 | Corporate Release 2026

1. What is this ERP Software? (81+M 5G/0 *0? /)

This ERP is a dedicated cloud platform built specifically for Scaffolding & Shuttering rental businesses (such as Winntus Scaffolding Pvt Ltd and Shreeram Construction). It bridges the gap between site contractors and central stock yards with real-time tariff calculation, automated quotation generation, and warehouse control.

Key Highlights:

- Dual Role Access: Role-gated portal for Contractors/Buyers and Admin/Depot Managers.
- Daily & Monthly Rental Engine: Real-time tariff formula (Quantity x Daily Rate x Duration).
- Legal Compliance: Pre-configured 9-clause commercial contract rules and safety standards.
- Instant Document Output: Auto-generated GST Quotations, Delivery Challans (Annexure-A), and Tax Invoices.

Core Modules at a Glance:

A. Contractor & Buyer Store:

Browse 15+ heavy items, calculate live rental duration, check depot stock, and checkout.

B. Admin & Yard Depot Master:

Adjust live stock (+/-), dynamically edit daily rental rates (reflects instantly in store), and audit returns.

C. Automated Quotation & Challan Engine:

Generates PDF quotations with weight matrices, 18% GST calculation, and legal rental terms.

1-Click Demo Logins for Quick Testing:

- Admin Portal: User: admin | Password: admin123 (Full stock & tariff control)
- Contractor Portal: User: contractor | Password: user123 (Browse store & place orders)

2. How Contractors Order & Rent Scaffolding (0M!0? > !)

Step 1 Browse Available Depot Products & Check Stock

Log in and view the Catalog of 15+ items (Cuplock Standards, Ledgers, Props, Base Jacks, Walkway Planks, Clamps). Each item displays live depot stock, weight in Kg, and hire rate per day.

Step 2 Select Rental Period & Add Items to Hire Cart

Choose Hire Mode (Rent) or Direct Buy. Set the project rental duration (e.g. 15, 30, 60 days). The system computes the precise daily rent: (Quantity x Daily Rate x Days) + 20% Refundable Security Deposit.

Step 3 Review Cart & Generate Instant Formal Quotation

Open the Hire Cart Drawer to review total tonnage/weight (MT), delivery charges, GST 18%, and total payable amount. Click "Generate Quotation" to produce a client-ready quotation matching Winntus format.

Step 4 Provide Site Delivery Address & Submit Order

Enter Project Name, Site Location, Contact Person, and select preferred Transport Vehicle (Tata Ace Tempo, 10-Wheeler Heavy Truck). Submit order to send dispatch request to the yard depot.

Standard Scaffolding Rates & Weight Matrix:

Item Description	Unit Weight	Daily Hire (Rs)	Monthly Rent (Rs)
Cuplock Standard (Vertical) 2.5m / 3.0m	12.20 Kg	Rs 1.80 / day	Rs 54.00 / month
Cuplock Ledger (Horizontal) 1.0m / 2.0m	5.10 Kg	Rs 0.95 / day	Rs 28.50 / month
Adjustable Shuttering Props (Acrow Jacks)	18.50 Kg	Rs 2.50 / day	Rs 75.00 / month
Adjustable Base Jack / U-Head Jack	3.80 Kg	Rs 0.60 / day	Rs 18.00 / month
Right Angle Couplers / Clamps	1.15 Kg	Rs 0.35 / day	Rs 10.50 / month
Perforated Steel Walkway Planks (Challi)	14.50 Kg	Rs 4.20 / day	Rs 126.00 / month

3. Admin Master Controls: Inventory & Tariff Management (!.?

A. Real-Time Stock Increment / Decrement

The Admin Dashboard provides instantaneous stock adjustment. Click [+] to receive new manufacturing stock or [-] to adjust for yard dispatches. Changes propagate immediately to all contractor viewports.

B. Dynamic Daily & Monthly Tariff Editor

Admin can adjust the Daily Hire Rate (Rs/day) and Purchase Price for any item. When rates change, new customer quotations and cart calculations automatically use the updated price.

C. Order Approval, Delivery Challan (Annexure-A) & E-Way Bill

Review incoming customer orders. Assign loading trucks, add driver phone number, generate computer weight slips, and issue Delivery Challan (Annexure-A) with itemized serial numbers.

D. Material Return Audit & Shortage/Damage Reconciliation

When rental contracts conclude, verify physical returned items against original dispatch challans. The system calculates damaged/missing items and auto-deducts repair penalties from security deposit.

Key Legal Clauses Integrated into the ERP (Document #2 Compliance):

- Clause 1: 20% Security Deposit payable in advance prior to loading vehicle at depot yard.
- Clause 2: Minimum Rental Period is 30 Days. Full month rent applies even if returned earlier.
- Clause 3: Freight, Loading at Yard & Unloading at Site are exclusively payable by Hirer.
- Clause 4: Material remains sole property of Winntus / Lessor throughout the hire duration.
- Clause 5: Missing or Damaged items billed at replacement cost from security deposit.
- Clause 6: Applicable GST (18%) extra on rental tariffs and transport handling.

4. Full Breakdown of 4 Real Documents (&8M\$>5G 5?50#)

Document 1: Winntus Quotation & Delivery Challan

File Link: /docs/1_Winntus_Quotation_Challan.pdf

Formal B2B quotation submitted to contractor before dispatch. Contains client details, project duration, itemized rate cards, and Annexure-A dispatch delivery challan.
